Day Time (7:00 a.m. to 3:30 p.m.)  
801-544-8112

After Hours  
801-430-1814

Search:

Kaysville City ordinance prohibits dumping or storing dirt, mulch, gravel, etc. on city streets. New, more stringent EPA rules closely regulate what goes into storm drains and Kaysville City could receive fines for allowing dirt or debris to be placed on city streets. Citations could be issued to residents who put dirt, mulch, gravel, etc. on city streets.

Many times people pollute water and don't know they are doing it.

- Wash the family car on the lawn, not on the road or driveway.
- Never dump anything down the storm drain. It is meant only for rainwater.
- Clean up after your pet. Bring bags along when you walk your dog and encourage others to do the same.
- Don't leave grass clippings and leaves in the street when you do the yard work. Use them for fertilizer, compost them, or bag them.
- Don't litter.
- Use water wisely and encourage others to do the same.
- Don't put gas or motor oil in the gutter.
- Don't put household cleaners or paint in the gutter.
- Don't wash pesticides or solvents down the gutter.
- Don't wash radiator fluid down the gutter.
